Dear Students, Parents and School family,

Udaan-2025, truly depicts the vibrant flight of the multitude efforts that our School embodies. AEES congratulates you all on this momentous occasion of publication of school newsletter 'Udaan-2025'.

As the torchbearers of the future, you must develop leadership qualities that empower you to bring positive change to society. True leadership lies in responsibility, empathy, and a commitment to uplifting those around you. Lead with integrity, take initiative, and work towards building a progressive and harmonious community. At the same time, always remain connected to your roots. India's rich culture and heritage are our greatest strengths, and it is your duty to preserve and uphold these values while striving for excellence. Your dedication today will shape a brighter, more prosperous tomorrow for your generation and the nation.

Our motherland, India, has always taught us to live in harmony with nature, and as responsible citizens, we must protect our environment. Every small effort towards sustainability—saving water, planting trees, reducing waste, recycling of resources—contributes to a healthier planet. Along with this, respect for parents, grandparents, teachers, and the community must always remain a guiding principle in your life. In this digital era, while technology is a powerful tool for learning and innovation, it must be used wisely. Maintain a balance between the virtual world and real-life responsibilities, ensuring that your values, discipline, and human connections remain strong.

As we embrace the changes brought by the National Education Policy (NEP) and the National Curriculum Framework (NCF), it is essential to develop a mindset that welcomes innovation and holistic learning. Education is no longer just about academic success—it is about critical thinking, creativity, adaptability and conquering the challenges before us. Be open to new opportunities, develop skills that contribute to nation-building, and always think of ways to serve and uplift society. Your generation holds the key to India's future, and with the right values, dedication, and progressive thinking, you can lead the nation toward greater heights.

Wishing you success, wisdom, and a fulfilling journey ahead!

Let us join hand to keep watch word of AEES "Excellence".

MESSAGE

It gives me immense pleasure to note that Atomic Energy Central School, Narwapahar is bringing out its Annual Newsletter "Udaan-2025" for the academic year 2024-25.

A newsletter provides a platform to showcase our students' achievements, share testimonies of our teachers' dedication and highlight the school's progress. It facilitates our students to showcase their creative work, share their experiences and ignite their latent talents. Moreover, the newsletter helps parents stay updated on their child's progress, school policies, and upcoming events, facilitating effective parent-teacher communication. It not only celebrates our successes but also reflects our commitment to excellence in education.

I am happy to note that the Principal, Atomic Energy Central School, Narwapahar and his team members are putting their best efforts in reshaping the future of our children.

I extend my heartfelt appreciation to the editorial team, teachers, and students who have worked tirelessly to make this newsletter a reality.

Principal's Desk

As we navigate the complexities of the 21st century, our school, AECS Narwapahar, remains committed to fostering a vibrant community of learners equipped to thrive in an ever-changing world.

Our mission is to empower students with the knowledge, skills, and values they need to become active and responsible contributors to society. We are dedicated to creating a supportive, inclusive, and inspiring environment that nurtures academic excellence, creativity, and critical thinking.

I am delighted to share our latest E-Newsletter, which highlights our achievements and celebrates the successes of both our students and staff. I would like to express my heartfelt gratitude to the AEES and UCIL authorities, as well as our parents, teachers, and community partners, for their continued support and collaboration.

Together, we can shape a brighter and more promising future for our students.

With warm regards,

Gunvant Khobragade
Principal
AECS, Narwapahar

•Staff Faculty:

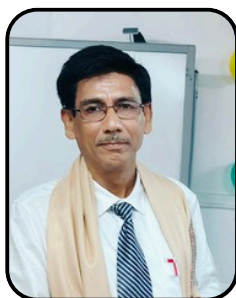

Our faculty members are the driving force behind the academic and personal growth of our students. The school is proud to have a team of 23 permanent and 7adhoc highly experienced and dedicated teaching staff. In addition, we have 4 permanent and 8 adhoc non-teaching and supporting staff. Their coordination with each other is what enables the school to function smoothly and grow in new prospectus.
