Shri Satyabrata Sarkar
CHAIRMAN, AEES

Dr. C. K. Asnani
C&MD, UCIL &
LMC CHAIRMAN

OUR VISION

John F. Kennedy, the 35th President of the United States has remarked, "Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, fulfilled, can be translated into benefit for everyone and greater strength for our nation." With its goals set for every session since 2006, AECS Turamdih has witnessed noteworthy achievements in the three fields of Academics, Sports and Co-curricular activities. The neat increase in the strength of the students and the staff is quite appreciable. The noble and motivational objective of AEES in providing quality education to the children coming from various social backgrounds has always guided us through. We strive to churn out the best among the students seeking their all round development aiming to achieve ideals par excellence in the near future.

Shri P. Lahiri
SECRETARY, AEES

Shri S. K. Sharma
GM (I/P & IRs/CP) & Head, Vigilance, UCIL

"Education is not the filling of a pail, but the lighting of a fire." – William Butler Yeats

Schooling is our first contact with the world, a period of joy, healthy competition, fearing, adjustment, sharing and love. It is not the wide open spaces, classrooms, the library, laboratories or the large fields that make the school. It is in the heart of the students and staff that the true institution exists. Every child matters, every child is unique. The thirst for knowledge is not restricted to the child. It is also essential for a parent and a teacher to keep adding to their own knowledge bank by keeping their eyes and ears open and by reading as much as possible and ensuring that children develop these habits as well. As the Principal of this institution, I am keenly aware of the colossal responsibility of releasing the children into their full potential and spurring them onto success. We need to help our children to catch a gleam of a glorious future ahead and pursue it with impassioned dreams, a febrile imagination and a steadfast hope that says – 'I am a bundle of potentiality, I will be successful!'

"Educationists should build the capacities of the spirit of inquiry, creativity, Entrepreneurial and moral Leadership among students and become their Role Model." – Dr. APJ Abdul Kalam

The power to think is one of the greatest powers and we need to cultivate practical techniques to improve our thinking and thus improve our lives. It is only by changing our thinking that we change our world. As Covid-19 hit the world and the entire gamut of education to its core, both the teachers and the students were overpowered with challenges. Infact, the entire teaching- learning process got a setback. But the online classes came to our rescue and indeed, we could save our souls. We all remained undeterred and the learning remained unaffected. Now that things are getting back to normal a little with the beginning of offline classes from VI to X, we hope to continue grooming our students to uphold rational thinking, creativity and compassion under the able guidance of LMC & AEES. Noteworthy, our students have put their best efforts in preparing projects under 'Ek Bharat Shreshtha Bharat' and have left no stone unturned to give their best in the various activities celebrating 'Azadi Ka Amrit Mahotsav' glorifying 75 years of India's Independence.

I feel extremely elated to meet you all again through this Half- Yearly Edition of our Annual E-Newsletter, 2021-22 – a common platform to share our thoughts and achievements.

Together, let us march onwards and upward to become our best and give our best to the world.

HAPPY READING !!!

- Santosh N Jadhav

02. ACHIEVEMENTS

“Success is no accident. It is hard work, perseverance, learning, studying, sacrifice, and most of all, love of what you are doing.” – Pele

- ✓ GREEN OLYMPIAD – The prestigious Green Olympiad is being organised by TERI- The Energy Resources Institute every year since 1999. It aims raising awareness among students about environment and its role as our protector. This year, a total of fifty-eight students have registered themselves for the first and second level combined together, to be held online on 10th November and 7th December respectively. We wish them the very best of luck for their upcoming exams.
- ✓ NFLAT - In line with OECD recommendation, National Financial Literacy Assessment Test (NFLAT) conducted by the NCFE, encourages school students of Class VI to XII, to acquire basic financial skills necessary to make informed and effective financial decisions throughout each stage of their lives. NFLAT was launched in the year 2013-14. Globally, it is one of the largest free annual financial literacy tests for school students. This year, a total of fifty – five students have registered themselves for the test to be held online. The dates are yet to be announced. We wish them the very best of luck for their upcoming exams.
- ✓ VIDYARTHI VIGYAN MANTHAN – It has emerged as one of the most vibrant and dynamic National Talent Search Examinations organised by Vijnana Bharati – Science Movement run by eminent scientists of the country. It aims at making students, parents, teachers aware of the objectives, works and various initiatives of the Vijnana Bharati Vidyarthi Vigyan Manthan. This year, a total of sixty-one students have registered themselves for the test to be held online on 30th November and 5th December respectively. We wish them the very best of luck for their upcoming exams.
- ✓ U-DISE(Unified District Information System for Education Plus) – A database about schools in India, U-DISE was developed at the Department of School Education, MHRD, Govt. of India and maintained by National Informatics Centre, Govt. of India. It is the primary source of information for educational planning and assessing the progress under the education sector in India, especially under the Government funded Sarva Shiksha Abhiyan (SSA) and Rashtriya Madhyamik Shiksha Abhiyan (RMSA) programmes. It feels good to share that AECS Turamdih is registered under UDISE and the registration no. is 20180313702.

✓ NTSE – It is a matter of proud privilege for AECS Turamdih that **Miss Shankhi Mardi** has cleared the Stage I of National Talent Search Examination (NTSE) – 2020-21 and thus stands qualified for Stage II with a total score of 147. Noteworthy, Miss Shankhi joined our school under SEEP(TNP) and proved herself worthy in academics by dint of her hard work. She made all of us proud by securing the second position at school level by scoring 470 marks out of 500 in Class X – CBSE (2021). The entire school family wishes her good luck in all her future endeavours.

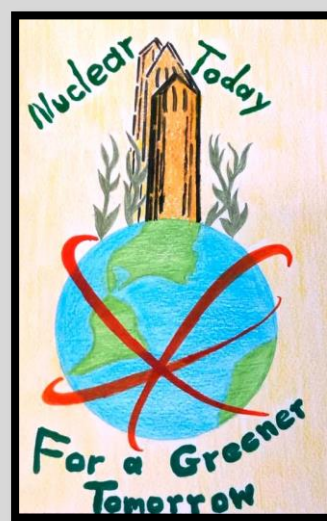

PARENT-TEACHER'S MEETING- – Online Parent-Teacher's Meeting through Webex was a regular affair at AECS Turamdih and conducted in the school for Primary and Secondary section on different days after the completion of MCQ Tests, Periodic tests and Half – Yearly Exam. Parents' turn-out was encouraging. Parents' valuable suggestions were received time to time for the improvement of Academics and CCA.

03. ART AND CRAFT GALLERY:

"To practice any art, no matter how well or badly, is a way to make your soul grow. So do it." -- Kurt Vonnegut

Art and Craft are important subjects in the school curriculum, taken and held together, fostering creativity through fun filled activities. Arts and crafts help in the cognitive, physical, and social development of children involving them in multifarious activities. This idea has been boosted up with the introduction of Art Integrated Learning(AIL) which has become an integral part of our school curriculum since last year. So, let's have a quick view of the beautiful creations of our budding talents.

04. EVENTS/CELEBRATIONS

"Coming together is a beginning, keeping together is progress, working together is success." – Henry Ford

Throughout the year, there are various days to mark various important events which have always found a special place in our school. The pandemic and its aftereffects have really affected the educational fraternity across the world. However, without letting it dampen our spirit and taking into consideration all the Covid -19 guidelines and thus the safety of the entire school family, various online activities ensuring maximum participation of the students along with some offline ones inside our school premises were conducted and the students enthusiastically came forward. So, let us peep into the following:-

1. International Yoga Day – 21.06.2021 – Yoga is the journey of the self, to the self, through the self.” – Bhagvad Gita

Practising yoga is beneficial to both body and mind alike. It is essentially a path to liberation

from all kinds of bondage. With this objective in mind as well as to nurture interest in the

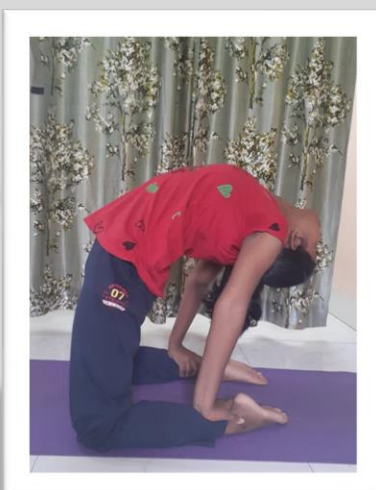

youngsters towards this wholesome practice, the 7th International Yoga Day was virtually organized in our school with great pomp and show. There was a live streaming of the entire programme for all the students sitting at home but who participated very enthusiastically making it successful. Mr. R. K. Bhatt, TGT- PET accompanied by our Principal Shri Santosh N. Jadhav co-

ordinated the entire session leading our primary teachers to perform various yogasanas inside the school premises. Interestingly, this live yoga session was joined virtually by the secondary teachers performing yogasanas from the comfort of their respective residences. This was followed

by class wise yogasana practice under the supervision of our class teachers from

primary and secondary sections. The teachers were also required to send photos and videos each of the students of their respective classes as a proof of the activity conducted. Thus, the entire virtual yoga session turned out to be a huge success.

2. Independence Day Celebration – 15.08.2021 - **“Freedom is the open window through which pours the sunlight of the human spirit and human dignity.” – Herbert Hoover**

The 75th Independence Day Celebration was a little grander than the last year as all the staff members could gather together on a 100% basis. Shri Santosh N. Jadhav, Principal was the Chief Guest of the occasion and he hoisted the national flag accompanied by our PET teacher Shri R.K.Bhatt. Our Principal Shri Santosh N. Jadhav addressed the gathering stressing on the need for working unitedly and honestly for the progress of the society and nation as a whole. A melodious patriotic song followed led by our Music teacher Shri P.K.Choubey and some of our staff members. The teachers had been asked to record the event and share in the group. This was a virtual gathering of a kind as students of the respective classes joined in the virtual

celebration. The spirit of patriotism was indeed high as we all pledged to uphold the ideals of honesty, integrity, forthrightness and love for

motherland. All Covid -19 related protocols were duly followed and the celebration remained humble.

3. National Sports Day – 29.08.2021 - **“It is not my country’s duty to push me ahead. It is my duty to push my country ahead.” – Major Dhyhan Chand**

The birth anniversary of the Hockey Wizard Major Dhyhan Chand is celebrated as National Sports Day every year. Therefore, in order to honour sports and games and upholding this legend’s ideals and achievements, our school celebrated this ceremony inside the school premises with great pomp and show.

Noteworthy, continuing with the special celebrations of Azadi Ka Amrit Mahotsav (13th August, 2021 to 2nd October, 2021), thirty students of Classes IX and X from our school participated in the Marathon – “Fit India Freedom Run 2.0” event cheered along by our esteemed dignitaries Shri Harbhajan Singh (Former Olympian and Vice-President of Jharkhand Government’s Olympic Committee), Shri Hari Om Gandhi, Sr. Commandant, CISF

and Dr. P. K. Tamrakar, Member, LMC, AEC Schools, Jaduguda accompanied by our Principal Shri Santosh N. Jadhav, Headmistress Smt. Veena Pradeep and Shri R. K. Bhatt, TGT- PET. All the students were awarded certificates for their enthusiastic participation in the Marathon Run.

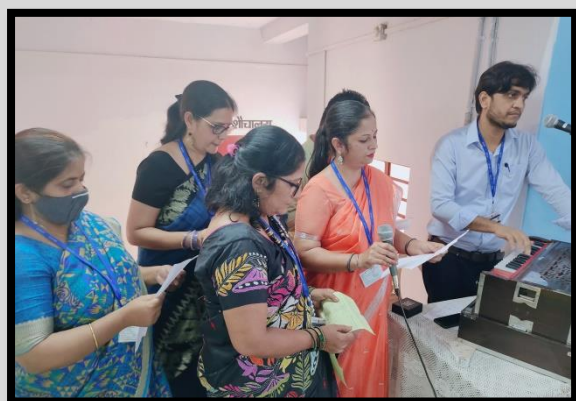

4. Teacher's Day – 5.09.2021 – “True teachers are those who help us think for ourselves.” – Dr. Sarvepalli Radhakrishnan

The Teacher's Day was a very humble and constrained affair with a very small gathering of all the teachers. Dr. P.K. Tamrakar, Chief Superintendent (Mill), UCIL, Turamdih & Member, LMC was our Chief Guest of the day addressing on teaching as a very noble and respectable profession. There also some talks delivered by our teachers on the need to take individual differences into consideration while teaching and the fact that the

work of teachers never end. They are guides, friends and philosophers combined into one. Shri Santosh N. Jadhav, Principal and Headmistress Smt. Veena Pradeep also addressed the gathering. The day also witnessed the felicitations of our teachers Smt. G. Vijayamani, PRT- SS for her dedicated twenty five years of service, Smt. Nutan Rai and Shri A. K. Singh for their glorious superannuation. The entire AEES and AECS Turamdih family will remain forever indebted to Smt. G. Vijayamani for her unstinting support and dedication to the society and extend their best wishes to the duo for a very healthy, happy, prosperous and peaceful life.

5. Hindi Pakhwada Prize Distribution Ceremony – 28.09.2021 – “A country that does not take pride in its language and literature can never progress.” – Dr. Rajendra Prasad

The Hindi Pakhwada Celebration was carried out inside the school premises from 14.09.2021 to 28.09.2021 and ended on a felicitous note. There was a chain of competitions like Poster Making, Slogan Writing, Essay Writing, Poetry Writing, Quiz and so on as part of the Pakhwada celebration. The inaugural ceremony was presided over by our esteemed Chief Guest Dr. P. K. Tamrakar, Member, LMC, AEC Schools, Jaduguda. Smt. Indu Singh, TGT(SS) - Hindi /

Sanskrit was the keynote speaker heralding the beginning of the ceremony accompanied by Shri Santosh N. Jadhav, Principal and Honourable Chief Guest. We also witnessed beautiful expression of thoughts by some of our teachers who poured their hearts out. It is to be noted that the staff members and the students showed their active participation physically and virtually respectively. The celebration ended with the closing cum felicitation ceremony held on the last day with Dr. Tripura Jha, HOD- Department of Hindi, Jamshedpur Women's College as our revered Chief Guest who consented to grace the occasion and bless the children by giving away the prizes to the students of both primary and secondary sections. The entire programme thus turned out to become a resounding success, all thanks to the co-operative endeavour of the staff and the students alike.

CO-CURRICULAR ACTIVITIES – “When I was a teenager, I began to settle into school because I’d discovered the extracurricular activities that interested me: music and theatre.” – Morgan Freeman

Co-curricular activities have always found a special place in the curriculum of an educational institution, aiming to bring out the best in every child. These activities nurture and polish the latent qualities of a child resulting in the overall development of his or her personality. An array of extracurricular activities marked the half-yearly session in the calendar. These were

MY DREAM

[THE UNKNOWN TRAVELLERS]

{Cold winters have started. Two Childhood best friends are talking about Christmas.}

LISI: Wow! Winters have started. I like these snowy and cold days the most in the whole year. And also wearing the thick coats and clothes.

BEN: Yes, Christmas is also not too far. My, Grandma used to say that during these days, Santa is also very busy with gifts and elves.

LISI: Really! I think, all are very busy packing gifts and arranging them for distribution.

BEN: Why don't we also go to the city of elves to help them this vacation?

Lisi: City of Elves! Means a city full of short height citizens with a witch like outfit, tall hat and deer like ears. They are amazing!!

Ben: Then let's go to my home I have a map in my store room where the way is shown to reach the Evzol city of elves.

{Both watch the map of Evzol and discuss about their journey to Evzol. They start packing their essential things like mats, snacks, matches, water bottles, some winter clothes and so on..... they start their journey from the day after that day.}

LISI: According to the map, first we have to cross the Lave Guse snow mountain. It will take at least 3 days to cross the mountain.

{They travel morning to evening and when the night occurs, they set up a tent for themselves, light a fire and collect fruits and water from the nearby pond. They cross the snow mountain and reached the other side of the snow mountain within three days and some hours.}

BEN: At last, we have crossed the mountain. It was really difficult to go against the snowy path.

LISI: Yes, now I am very tired to find a good place for tenting. I am tenting under this big banyan tree.

{As Lisi was setting up a tent, Ben saw a snake passing behind her tent and he shoved her.}

BEN: Hey, be aware.

LISI: Why did you push me?

BEN: There was a snake next to you. Now it is gone. Now we can rest here.

LISI: Oh, so that was the matter. Thanks.

{They rested till the next morning and that was the time to go to Flin forest.}

BEN: Let's continue our journey.

LISI: It is one of the most dense and strange forests of this place.

BEN: Sometimes, it has also been seen that there lived fairies and tribes of strange people who were black and wore dresses made of leaves.

{They reached the forest and they saw a small hut there. They went inside with the hope that they would no longer have to put up tents.}

BEN: The sun is setting and the sky is getting dark.

LISI: See, there is a hut. We will go there and ask for some bed and food for tonight. We have not put up tents for tonight.

BEN: Let's go inside the hut.

{As they open the door.....}

LISI: Eww! The house is full of mosquitoes, rats and rotting things.

BEN: Run!

{Both of them came far from the hut.}

BEN: There is no other way. Now we have to put up tents.

LISI: There are some fruit trees nearby.

{Lisi plucked some fruits for eating and some of them for their next journey.}

LISI: These fruits are really very delicious.

{Next morning....}

BEN: Good Morning, get fresh. We have to start our journey. According to the map, next is the Luca tribe and then the golden garden. We can cross all of these in two days.

LISI: Golden Garden!! This is the garden with variety of beautiful flowers surrounded by the smell of honey. Ymm!

BEN: Let's go.

{As they reach near the village, a member of Luca tribe stopped them.}

MEMBER: Bej la kun kun ja bo.....

BEN: What is he saying? I am unable to understand.

LISI: I think he is asking us for something. I think he will take these fruits which I am giving to him.

MEMBER: Bei la san.

{As Lisi gave him some fruits, the member held her hand and showed her a room full of fruits like the one Lisi gave him. Seeing this, Lisi took out an old necklace from her neck and gave it to the member, which still had a lot of shine. The member took it happily in a shocking mind. After meeting members of Luca tribes, they decide to let them pass through their small village. After sometime of walking, Lisi and Ben reached a garden full of beautiful flowers surrounded by the smell of pure honey.}

LISI: Hmm, this place is really very beautiful. Hey Ben, what do you think about this place?

BEN: I saw a small house much like a fairy's.

{Then they saw a place full of fairies doing work and small houses decorated by flowers and leaves. Suddenly a frog attacks the fairy's place which came from the nearby pond.}

QUEEN FAIRY: Oh! my baby. Someone please help.

{Lisi saw the baby fairy to save him. She grabbed the frog and threw it far away as far as she could. The Queen was very happy because of Ben and Lisi. And the Queen promised to grant them a wish when they wanted.}

LISI: Can we rest here tonight?

Queen: Of course, you can eat the sweet fruits of my trees and can also rest here.

{Early in the morning, they continued their journey and reached the gate of Evzol city of Elves.}

GUARD ELVE: You can't enter here, only Santa and elves can enter here.

LISI: Oh no!!

BEN: We should take help from the Queen fairy. I wish that we will become elves.

QUEEN FAIRY: You called me and I heard your wish. I grant you a wish to become an elf when you want and a human when you want.

LISI: Thank you so much Queen.

{Lisa and Ben went to Santa and they helped the elves in the packing the gifts and distribute gifts.}

BEN: Merry Christmas to all of you.

LISA: Merry Christmas.

ELVES: It's party time.

Suddenly....

MY BROTHER: Wake up Didi. Wake up.

I: Yes, Hmm?! Was it a dream???

Merry Christmas !!!!

THE BOOK OF NATURE

Our earth is very, very old- millions and millions of years old. And for a long, long time there were no men or women living in it. Before the men came, there were only animals and before the animals came, there was a time when no kind of life existed on earth. It is difficult to imagine this world of ours, which is so full today of all kinds of animals and men to be without them. But scientists and those who have studied and thought a great deal about these matters tell us that there was a time when the earth was too hot to live for any living being. And if we read books and study the rocks and the fossils, we can ourselves see that this must have been so.

(from 'Letters from a Father to His Daughter' by Pt. Nehru)

LIFE

Life is not peaches and cream,
Nor just sunshine and a dream
But happiness and sorrow,
Tears today, smiles tomorrow
If you have a cross to bear,
Or you have burdens to share,
And when it's your turn to smile
In your happiness, pause a while
Think of those who need some cheer
Try to wipe another's tear
Roses that bloom will also fade
With light there is always shade
In the ashes of dead hopes
Try to find living amber
And always remember
That tears make a rainbow for the soul
Not happiness alone, but sorrow too
Makes a person whole.

THIRSTY DEER

Once upon a time, there was a deer in a dense forest. He was very thirsty and so he went towards a lake to drink water. While drinking water, he observed that a hunter was aiming at him with his gun on his right side. He saw a tiger on his left side who sat down quietly and gave an evil look to the deer. He noticed that the forest behind him caught fire. There was no chance for the deer to escape. He was not thinking much about that since, he knew that he had to die at the end. So, he focused in his work and then slightly bent down to drink water. Suddenly, it started raining heavily due to which the forest fire extinguished and the hunter's aim was disturbed, and he started firing blindly. One of his bullets hit the tiger. At last, the

deer was saved. This story teaches us that there are many problems in an individual's life but we just have to focus on our goal. Don't think about your past, start a new journey of your life. "Life is like an ice-cream, if we taste it, then it will melt and if we waste it, then also it will melt". So it will be better for us to taste every moment of our life rather than wasting it.

TIME OF REVOLUTION

After the time of silence
Started this violence.
Young Started to call them youth,
Teacher stopped shouts.

In the name of human rights,
Tools of teaching morals got a miss,
Uncultured people setting agendas,
And making nameless propaganda.

Western mentality which is waste,
Is engulfing Indian morals which is the best.
Why we copy the west,
Only to see we got the dust.

We have seen the British in past
We should learn lesson very fast.
We respect all
But have no time for western call.

CLIMATE CHANGE- IT'S UPON US

These are some of the contrasting and devastating facts about climate change.

1. In 2019, Iceland hosted a unique ceremony- a funeral to mark the death of its first Glacier, Okjokull killed due to climate change. Though the glacier had already been dead for ten years, Iceland decided to hold the funeral only recently to warn everyone about the devastating impact of climate change.
2. The raging bushfires in Australia (2019-20) were other such examples of a natural Catastrophic event causing death, devastation and displacement not just of humans but also of animals in countless numbers. The wildfires have killed an estimated 1.25 billion animals, caused more than 100 billion worth of damage to the Australian economy, and released upwards of 900 million tonnes of CO2 equivalent in emissions in the atmosphere.
3. Two fifth of the global population live in region that are warming by more than 1.5°C.
4. Global surface temperature in June 2021 was fifth - highest for the month in 142 years.
5. The recent report of the inter-governmental panel on climate change (IPCC) confirms what we already know and can see on the world around us from wild fires because of extreme heat to devastating floods because of extreme rain events to tropical cyclones because of the changing temperature between the sea and land surface.

6. Science is telling us that the relative efficiency of sinks- the earth's natural cleaning system, the oceans forests and soils - will go down in the coming years as emissions continue to rise.

7. According to the IPCC report, Earth's average surface temperature rise will cross 1.5°C in the next 20 years, and 2°C by the middle of the century, if there is no drastic reduction in Green House Gas Emissions (GHG).

DEATH CARD

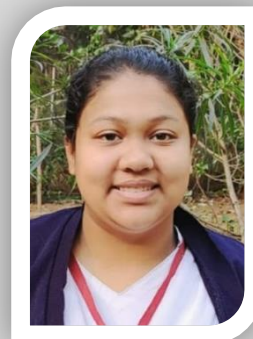

Once on a fine day
I was walking with my friends,
Down the spooky WOODS,
As the evening ends
We were feeling too brave
Didn't mind the signal it gave,
But little did we know?
For us what awaits...!

Soon as we reached the middle
We heard a weird HOWL,
It was a wolf,
Whose cry was followed by the hooting of an OWL.

In split seconds,
We found ourselves in the middle of a GRAVEYARD,
Heard the screeches of BATS,
With us holding our DEATH CARDS.

Cried a woman,
Please take me with you,
Turning back, we saw
It was none other than the DEAD WIDOW.

We ran as fast as we could
Following the previous trail,
Mind it everyone.....
This is not a FAKE TALE.

08. OBITUARY

“The pain passes, but the beauty remains.” - By Pierre Auguste Renoir

Our school family has recently experienced the passing away of our beloved student Master Aadi Hoe of Class I that has affected us deeply. This shocking loss is irreparable. He will live in our hearts and memories forever. Gone but never forgotten. The entire school family stands by the bereaved family members in this time of crisis.
